The 2AD160B-B05OB1-BS03-B2N1 AC induction motor from Bosch Rexroth Indramat's 2AD 3-Phase Induction Motors series is built for industrial applications. It features standard bearings, axial blower cooling, a high-resolution motor feedback device, and operates without a holding brake. The motor uses flange mounting with a side B terminal box power connection and runs in 0-40°C ambient temperatures. ... [Read More](#)
